Proceeds from this event will benefit first responders and the Golisano Children’s Hospitals of Rochester & Syracuse.

Information about accommodations can be found at inletny.com.

To volunteer contact adele@inletny.com.

Rules for Our Attempt

- Each canoe/kayak/guideboat within the raft must have at least one person in it.
- Every participant must be wearing a life jacket.
- Service dogs only are permitted on participating boats.
- Inflatable canoes/rafts and SUPs are not permitted.
- The canoes/kayaks/guideboats can only be held together by hands. No craft can be lashed to another by ropes.
- The whole raft must free float on a body of water or river for at least 30 seconds. If at any time during this period the raft is grounded, touches land or any other craft, the attempt is disqualified.
- Do not put your paddles up before noon! This will create a sail and cause the raft to drift.
- The raft cannot be attached to any other craft or jetty, but can be during the assembling of the raft.
- The record is based on the total number of canoes and kayaks in the raft, not the number of people involved.

Additional important details will be posted closer to the event to ensure every boat is counted correctly. Please pay close attention to all correspondence you receive after you register.
