

Blue Ridge Wilderness - Wakely Mountain Trail

The 3.0 mile Wakely Mountain Trail takes users to the summit of Wakely Mountain (3,744 feet) where the Wakely Mountain Fire Tower is located. The trailhead is located along Cedar River Road and from there ascends 1,600 feet to the summit, with most of ascent in the last mile of the trail. The summit is forested and does not provide any lookouts, but the view from the fire tower gives an unobstructed 360-degree view of the area.
